No permit for demolition of a building determined to be a preferably preserved building shall be granted until all plans for future use and development of the site have been filed with the Building Inspector and have been found to comply with all laws pertaining to the issuance of a building permit or if for a parking lot, a certificate of occupancy for that

site. All approvals necessary for the issuance of such building permit or certificate of occupancy including without limitation any necessary zoning variances, permits or approvals must be granted and all appeals from the granting of such approvals must be concluded, prior to the issuance of a demolition permit under this section.

11. The Building Inspector may issue a demolition permit or a building permit for a preferably preserved building within the twelve months if the Commission notifies the Building Inspector in writing that the Commission finds that the intent and purpose of this bylaw is served even with the issuance of the demolition permit or the building permit.
12. Following the twelve month delay period, the Building Inspector may issue the demolition permit, a copy of which shall be provided to the Historical Commission.

Sec. 4. Administration

The Commission may adopt such rules and regulations as are necessary to administer the terms of this bylaw.

The Commission is authorized to adopt a schedule of reasonable fees to cover the costs associated with the administration of this bylaw payable by the applicant. All fees must be approved by the Board of Selectmen.

The Commission may delegate authority to make initial determinations of significance to one or more members of the Commission or to a municipal employee.

The Commission may pro-actively develop a list of significant buildings that will be subject to this bylaw. Buildings proposed for the significant building list shall be added following a public hearing.

Sec. 5. Emergency Demolition

If after an inspection, the Building inspector finds that a building subject to this bylaw is found to pose an immediate threat to public health or safety due to its deteriorated condition and that there is no reasonable alternative to the immediate demolition of the building, then the Building Inspector may issue an emergency demolition permit to the owner of the building. The Building Inspector shall then prepare a report explaining the condition of the building and the basis for his decision which shall be forwarded to the Commission.

Sec. 6. Enforcement and Remedies

The Commission and/or the Building Inspector are each specifically authorized to institute any and all actions and proceedings, in law or equity, as they may deem necessary and appropriate to obtain compliance with the requirements of this by-law or to prevent a threatened violation thereof.

Any owner of a building subject to this bylaw that demolished the building without first obtaining a demolition permit in accordance with the provisions of this bylaw shall be subject to a fine of not more than Three Hundred Dollars. Each day the violation exists shall constitute a separate offense until a faithful restoration of the demolished building is completed or unless otherwise agreed to by the Commission.

If a building subject to this bylaw is demolished without first obtaining a demolition permit, no building permit shall be issued for a period of two years from the date of the demolition on the

subject parcel of land or any adjoining parcels of land under common ownership and control unless the building permit is for the faithful restoration referred to above or unless otherwise agreed to by the Commission.

Sec. 7. Historic District Act

Following a determination that the building is significant and preferably preserved, the Commission may recommend to town meeting that the building be protected through the provisions of Massachusetts General Law, Chapter 40C, the Historic Districts Act. The steps required under M.G.L. Chapter 40C shall be followed prior to the establishment of a local historic district. Nothing in this by-law shall be deemed to conflict with the provisions of the Historic District Act, Massachusetts General Laws Chapter 40C. If any of the provisions of this by-law do so conflict, that act shall prevail. Buildings included within the boundaries of a local historic district established under M.G.L Chapter 40C shall not be subject to this bylaw so long as the proposed demolition is regulated by the local historic district bylaw.

Sec. 8. Severability

In case any section, paragraph or part of this by-law be for any reason declared invalid or unconstitutional by any court, every other section, paragraph, and part shall continue in full force and effect.

We the citizens of Southamptton restate and republish these rights pursuant to the Town's authority conferred by Article 89 of the Articles of Amendment of the Massachusetts Constitution, ("Home Rule Amendment").

This General By-law encourages the pursuit of agriculture, promotes agriculture-based economic opportunities, and protects farmlands within the Town of Southamptton by allowing agricultural uses and related activities to function with minimal conflict with abutters and Town agencies. This By-law shall apply to all jurisdictional areas within the Town.

It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming to the neighborhood, community, and society in general. The benefits and protections of this By-law are intended to apply exclusively to those commercial agricultural and farming operations and activities conducted in accordance with generally accepted agricultural practices. Moreover, nothing in this Right to Farm By-law shall be deemed as acquiring any interest in land, or as imposing any land use regulation, which is properly the subject of state statute, regulation, or local zoning law.

Section 4 Disclosure Notification

Not later than 21 days after the purchase and sale contract is entered into, or prior to the sale or exchange of real property if no purchase and sale agreement exists, for the purchase or exchange of real property, or prior to the acquisition of a leasehold interest or other possessory interest in real property, located in the Town of Southampton, the landowner shall present the buyer or occupant with a disclosure notification which states the following:

“It is the policy of this community to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food, and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or occupants that the property they are about to acquire or occupy lies within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the location of property within the Town may be impacted by commercial agricultural operations including the ability to access water services for such property under certain circumstances.”

A copy of the disclosure notification shall be given on a form prepared by the Town and shall be signed by the landowner prior to the sale, purchase, exchange or occupancy of such real property. A copy of the disclosure notification must be filed with the Board of Selectmen or its designee prior to the sale, purchase, exchange or occupancy of such real property. In addition to

the above, a copy of this disclosure notification shall be provided by the Town to landowners each fiscal year by mail.

A violation of Section 4 shall be subject to a fine of \$300 and shall be enforced by the Board of Selectmen or its designee. In addition to the above, a copy of this disclosure notification shall be provided by the Town to landowners each fiscal year by mail.

Section 5 Resolution of Disputes

Any person who seeks to complain about the operation of a farm may, notwithstanding pursuing any other available remedy, file a grievance with the Select Board, the Zoning Enforcement Officer, or the Board of Health, depending upon the nature of the grievance. The filing of the grievance does not suspend the time within which to pursue any other available remedies that the aggrieved may have. The Zoning Enforcement Officer or Select Board may forward a copy of the grievance to the Agricultural Commission or its agent, which shall review and facilitate the resolution of the grievance, and report its recommendations to the referring Town authority within an agreed upon time frame.
